From where I sit ... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeb, "is nature's noblest creation—fifty years old and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Lud Penny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of good grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeb takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

IF YOU are among our many farm and rural friends who haven't yet received the electric service you've asked for . . . this message is especially for you,

We have ample power and we want to sell it. We want your business. But all materials and equipment are still critically short. We get some — now and then — but not nearly enough to meet new and expanded service requests as promptly as we once did.

Service line extensions are being made as rapidly as material and equipment supplies are available. We hope that YOUR name will soon be the next on Reddy Kilowatt's list . . . he WANTS to come to your house, your farm!

IN MEMORIAM

In memory of our dear mother, Mrs. McFadden, who departed this life six months ago, Sept. 24, 1946. We have lost our dear, sweet mother;
She no more on earth shall roam.
And there'll never be another
Who can take her place at home

Mother's life was true and faithful
And her heart was filled with love,
Trusting Jesus as her Saviour
Till she joined Him up above.

Some day we shall go to meet her,
Where there'll be no more goodbys
We can think of nothing sweeter
Than our m eting in the sky.
